Homework 1
Math 181: Fall 2015
Due Friday, August 28

On an index card, write the following:

• your name

• your year (freshman, etc.)

• your major (if you have one) or what majors you are interested in

• the last math class you took and when

I have extra index cards in my office if you need one. You must turn in the index card outside class either by coming to office hours or emailing me to set up another time you can stop by my office.

My office location and office hours are on your syllabus.
